SPOTLIGHT ON SCHOOL AGE

Spotlight on School Age: City of Tempe Kid Zone Enrichment Program

Youth voice and choice are a top priority in Kid Zone! Every day, the kids have access to both staff- and youth-led programs, covering a wide variety of fun, educational and hands-on activities, including STEM, literacy, arts and culture, sports, nutrition, character education, service learning, and even money management.

By the Numbers:

City of Tempe Kid Zone Enrichment Programs serve 2800 youth during the school year, and 1000 during the summer. Attendance is \$223/month during the school year and \$120/week during the summer. **From June '15-May '16, DES subsidies provided 225 youth with access to this high quality out-of-school time program!**

Engineering is Elementary Webinar

The EiE team is now creating webinars that introduce OST educators to K-8 engineering education.

The first webinar in the series, "[Introduction to Engineering for Out-of-School-Time Programs](#)," is now available. This 45-minute, on-demand session is a great way to jumpstart your knowledge of EiE's Engineering Adventures and Engineering Everywhere curricula.

Kids at Hope Training

The City of Avondale Neighborhood & Family Services Department is sponsoring a **Module I training session** as part of Avondale's designation as a KIDS AT HOPE City. The training will explore what Kids at Hope is, how it is learned, instilled, and reinforced in order to ensure that all children will have many opportunities to be successful.

Thursday, September 29, 2016 8AM-12PM City of Avondale City Hall Sonoran Room.
Class size is limited. Please RSVP to dgardner@avondale.org
