Higher Ground

AzCASE is dedicated to helping programs provide quality programming to the youth in Arizona. We are always thrilled to hear about the great things happening all over our state. Sometimes, however, the news isn't as good.

One of our amazing partners in Tucson, Higher Ground, A Resource Center has recently been overcome by a series of challenges related to ACHHS payments. As a result they have had to cut programming, furlough staff and make significant adjustments--all because of something out of their control. Higher Ground serves a huge need in Tucson supporting at-risk kids and as a community we cannot afford to have them close their doors.
