### Arizona After 3PM: Summer Learning

The Afterschool Alliance released new data about summer learning from their America After 3PM survey from last year.

The data clearly shows

**Arizona has a high demand for summer learning programs and support among parents is strong!**

54% of Arizona families say they wanted their children to be enrolled in a summer learning program in 2014.

### **AzCASE 2014 STEM Grant Recipient Wins National Award**

A 2015 National Association of Counties Achievement Award goes to the **Young Innovators Club** of Maricopa County Guadalupe Branch Library.

**Last year, they  
received a Cox-  
AzCASE STEM  
Grant to kick off  
this program by  
getting a 3D  
printer for the  
library.**

**Congratulations** for being recognized for this great STEM programming in your library and for all your amazing work with youth!

## Socioemotional Learning Tool for Older Youth!

The Collaborative for Academic, Social, and Emotional Learning (CASEL) has released **a new tool to help middle and high schools address secondary students' need for effective social and emotional learning.**

Most of this learning happens informally, rather than in a class, making OST programs important to this development!

## Fight Summer Learning Loss

Join us in celebrating Summer Learning Day on Friday, June 19.

Summer learning loss and the growing achievement gap stall or slow youth development. Quality **OST programs that provide enriching activities that engage youth is one deterrent to summer learning loss.**

Share your summer program on the [AZ Afterschool Directory](#) and sign our [Make it Count! Pledge](#) to attract more families and raise the quality of your program.
