Newest AzCASE Offering—Webinars!

We're always trying to improve our resources to you and this year, we're offering **free professional development** delivered straight to you!

Alongside our traditional three hour trainings will be **free, one hour webinars**:

Our newest webinar is **Owl and Panther: Helping Refugee Youth Move through the Darkness**. Join presenter Marge Pellegrino for an eye-opening webinar on how youth program staff can provide guidance and support to refugee youth, and help them to successfully adapt to life in their new country. Marge will share her knowledge and **best practices from her 17 years working with Tucson's refugee community**. You'll learn about how the Hopi Foundation's Owl & Panther Project utilizes art to provide meaningful and healing experiences for refugee youth, the unique stressors and behaviors refugee youth may exhibit, and effective approaches to creating positive relationships and the sense of belonging in your program.

[Register for AzCASE Webinars for free! join.me - April 6 - 9:15-10:15 - free](#)

Our first ever webinar, Getting Started with the AzQSAT a helpful visual walkthrough of the AzQSAT is archived. Want to watch it? **[Sign up here.](#)**

Are you on the map of AZ Out-of-School Time Programs?

Now is the time to **make sure your summer programs are updated and on the map!** The AZ Afterschool Directory has a summer-only search that helps parents find their summer program!

In addition to getting yourselves on the map, **updating will enter you into our raffle!** Any programs that update their information between March 1 and April 3 will be entered to win STEM kits for their program!

STEM Ready America

Afterschool STEM equips young people to pursue careers they never imagined before.

#AfterschoolSTEM

[STEM Ready America](#), a new compendium released by STEM Next and the Mott Foundation, feature articles on afterschool STEM from 40 authors.

The articles are grouped into three main themes: Evidence for STEM (in out-of-school time); Partnerships for STEM Learning; and Ensuring Access to Quality STEM.

There are many compelling papers in this compendium that lay out strategies for increasing access to high-quality afterschool STEM programs. [Read the compendium now!](#)
