## The President's budget proposal eliminates afterschool program funding

President Trump's budget calls for eliminating federal funding for local afterschool and summer programs. If the funding is not maintained, nearly two million children and families would be left without reliable afterschool choices.

More than 19 million families want and need more afterschool and summer learning opportunities. For every child in a program, two are waiting to get in. Closing 10,000+ afterschool programs will hurt families and children in every part of the country.

You can make a difference: call on Congress to protect funding for afterschool and summer learning programs.

### **SEL for Kids Begins with Adults**

Research suggests that structured, strengths-based afterschool programs—coordinated with schools and communities and staffed with knowledgeable and competent adults—are ideal settings for promoting youth emotional development. Here are three things to focus on regarding SEL.

### **Program Highlight: *Pathways Youth Program* in Flagstaff**

Great article in the Navajo-Hopi Observer encompasses the Pathways program in Flagstaff as well as highlights the successes of Aaron Secakuku as the Program Coordinator. This demonstrates NACA's role in the community of ensuring cultural values and traditions are maintained while also educating and mentoring children about substance abuse prevention.
