Join Us in Asking Congress to Support Afterschool

On May 22nd, afterschool leaders from around the country will be in Washington D.C., to meet face to face with Members of Congress to urge them to co-sponsor the *Afterschool for America's Children Act*. 

**We need your help to amplify their voices.**

Afterschool programs keep kids safe, inspire learning and help working families. All students should have access to these life-changing opportunities. Yet 18 million children who would like to participate don't have a program available in their community.

The *Afterschool for America's Children Act* will strengthen the 21st Century Community Learning Centers initiative - the only federal funding stream dedicated to supporting out-of-school time programs nationwide.

Members of Congress need to hear from constituents like you who care about making afterschool a reality.

Thank you for your support of AzCASE happenings and all you do for Arizona's youth!

Sincerely,

Melanie, Franny, & Angelica
