12:00pm - 1:30 pm HST

**A celebration of afterschool
and summer learning programs.**

Across the West, afterschool and summer programs have stepped up and out to support children, youth and families in difficult and challenging times. With resolve and resilience, programs are supporting social and emotional well-being, academic learning, physical health and nutrition and serving as a critical touch point for youth.

In collaboration with 9 state afterschool networks in the Western region, Arizona Center for Afterschool Excellence invites you to the Open Minds, Open Spaces: Town Hall for Lights On Afterschool. Join us on October 21st to kick-off our Lights On Afterschool celebration. You will hear from out-of-school time champions including elected officials and education professionals, afterschool and summer program partners, and the youth that benefit from

out-of-school time experiences. Our very own Superintendent of Public Instruction Kathy Hoffman will share her recognition for afterschool professionals as well as Arizona Department of Education's current goals and initiatives.

Immediately following the Town Hall, stay tuned for our State Rally and hear from Arizona State Senator Kyrsten Sinema about how she uses her experiences to advocate for out-of-school time funding to ensure quality and accessibility. [Register](#) today and help us recognize the importance of out-of-school time and its impact on our youth and communities across the state.
