Future for Kids

Celebrate the 22nd annual Lights On Afterschool Oct. 28, 2021!

Lights On Afterschool is the only nationwide event celebrating afterschool programs and their important role in the lives of children, families and communities.

The Afterschool Alliance organizes Lights On Afterschool to draw attention to the many ways afterschool programs support students by offering them opportunities to learn new things—such as science, community service, robotics, Tae Kwon Do and poetry—and discover new skills. The events send a powerful message that millions more kids need quality afterschool programs.

Check out the [Lights On Afterschool homepage](#) for event ideas and toolkits to shine a light on afterschool!
