## The 2019 Summer Learning Awards Application process is now Open!

Each year, the National Summer Learning Association (NSLA) recognizes the excellent work done during the summer months on behalf of our nation's youth.

Candidates for the Summer Learning Awards are exceptional summer programs, models, and systems that keep children and youth learning, safe and healthy during the critical summer months. They show strong outcomes in helping students cement the skills they have learned during the academic school year through creative curricula, unique programming and effective family engagement strategies.

Applications for the 2019 Summer Learning Awards open October 15, 2018. NSLA will announce winners during National Summer Learning Day celebrations in July 2019. More information and profiles of past winners are available on the [Summer Learning Awards event page](#) of NSLA's website.

Great smiles lead to great opportunities, and since your smile is unique, your dental treatment should be too. **Dr. Dan Blue** practiced as a prosthodontic specialist (someone who is highly trained in cosmetics, dental implants, crowns, bridges, dentures, disorders like TMJ and TMD, and more) for six years before returning to school to complete a specialty in orthodontics-teeth straightening-which is now his sole focus. His experience in this combination of fields makes Dr. Dan uniquely qualified to serve you and your family. It is his goal to create the best possible first impression through your stellar smile. You will enjoy your visits to our relaxed, friendly, efficient office, and **our team** is certain you'll be excited by your smile when your braces are removed. Please contact our **Scottsdale orthodontic office** or **Phoenix orthodontics office** to explore the possibilities that await you. Your first appointment is complementary, so that we can answer any questions you might have and allow us to discuss what we think would be the optimal treatment plan for you, which can depend on factors like age of patient, how responsible they are, how difficult the case is, and of course, cost. We look forward to meeting you!
