## Which Workshops Will You Attend?

The entire workshop schedule, complete with descriptions and designations is now available on our Conference page.

Discover the range of quality professional development opportunities we have at the Conference! Workshop tracks include social-emotional development, health and fitness, STEM, and leadership, but we have an even greater diversity of workshops to provide you with the best experience you can get.

The **2016 Arizona Statewide Out-of-School Time Conference** is  
**Saturday, October 22nd** at the **Phoenix Convention Center!**  
*Registration is closing soon!*

**Register for the Conference  
Now**

## Introducing Tamra, our Social Media Scholarship Winner!

**Hi! My name is Tamra Miller and I am so excited to be taking over social media accounts for AzCASE for the conference! You're sure to see me around!**

I am the team leader of the FACTS before and after school program in Flagstaff and I have worked in the OST field for 8 years. I look forward to seeing you all at the conference; come take a picture with me when you spot me there!

- Tamra

The AzCASE team is excited to award the social media scholarship to Tamra and see her share her Conference experience with all of you! Make sure to follow us on our [Facebook](#), [Twitter](#), and [Instagram](#). We'll cover the conference in exciting new ways, including a **social media contest!**

**Make sure to use the [#makeitcountAZ](#) hashtag to share your Conference experience and Tamra will be sure to share and be in touch!**

## America After 3PM: Afterschool in Communities of Concentrated Poverty

America After 3PM data has been used to look at high-poverty communities for the first time.

They have important evidence for what rural youth programs know about their communities and the importance of the programs that they provide. And we're sharing their infographics with each newsletter!

## World of 7 Billion Video Contest

Back by popular demand, the World of 7 Billion video contest can **help you bring technology and creativity into your program**. The contest challenges youth to create a short (60 seconds or less) video illustrating the connection between world population growth and one of three global challenges: climate change, ocean health, or rapid urbanization. Youth can win up to \$1,000 and their teachers will receive free curriculum resources. The **deadline is February 23, 2017**.
