It's on! We're proud to be joining the Afterschool Alliance and thousands of afterschool and summer programs in the largest nationwide showcase of OST programs during the 22nd annual *Lights On Afterschool* celebration on October 28!

Despite the uncertainty and challenges of this past year, afterschool programs rose to the moment - supporting students & families by providing needed meals, childcare for essential workers, and high-quality virtual learning experiences when schools were forced to close. On October 28, we're helping to shine a light on the important role of afterschool programs in our community - and you can too!

[Sign up now](#) to tell us if you're planning on joining the celebration and receive information on how you can get involved in a *Lights On Afterschool* like no other!

Happy Lights On Afterschool!
