COVID-19 VIRTUAL TRAINING

This virtual training will teach you what you need to know to keep yourself and the children in your care safe from COVID-19, help you understand what COVID-19 is and how to help prevent the spread of viruses in child care programs.

This training is free of cost to all child care providers as a result of funding from the Arizona Department of Economic Security. Please visit www.azregistry.org for dates, start times, and to enroll. For questions regarding the training, please call ASCC at 480-829-0500.

This virtual training is provided by the Association for Supportive Child Care, with funding provided by the Arizona Department of Economic Security Child Care Administration through the Federal Child Care Development Block Grant Funds.

Open Minds, Open Spaces: From Pivot to Reimagine A Virtual Event About the Power of Afterschool, October 16, 2020

This fall, join colleagues from across the West for a special, one-day event focusing on the unique role of afterschool programs in communities.

Afterschool professionals are working around-the-clock to support youth, families, and our staff. We are focused on improving children's safety and well-being, helping essential personnel continue to do their jobs, maintaining touch points with families, creating engaging learning opportunities for young people, and providing food and other supports for families in need. We're also working to protect and retain afterschool program staff.

As we pivoted, we reacted; now we reimagine what afterschool can and should be in a time of unknowns. We are flexible, resilient, nimble, clever and powerful. On October 16th, we convene virtually to learn, collaborate and connect together.

During our downtime our corporate

team worked hard to polish up some of the asset with fun educational activities for kids which can bring a little Medieval Times to you, the home, or classroom. The following link has been updated with more educational collateral from our EDU Study Guides which is tailored age/class specific.
