Introducing STEM Saturdays

A NEW RESOURCE FOR OUT-OF-SCHOOL TIME STEM

Arizona Center for Afterschool Excellence is excited to debut **STEM Saturdays**, a new science, technology, engineering, and math (STEM) resource for out-of-school time providers!

STEM Saturdays will be published every other Saturday, highlighting:

- STEM activities,
- STEM professional development opportunities,
- STEM resources, and
- best practices in STEM.

The goal of STEM Saturdays is to increase quality, hands-on STEM learning opportunities for Arizona youth participating in out-of-school time programs. [Visit the AzCASE STEM website to learn more about why quality STEM programs matter.](#)

SIGN UP!

After today, STEM Saturdays will only be sent to those who sign up to receive it.

Make sure you're on the STEM Saturdays email list:

The Power of Discovery: STEM2

STEM VIDEOS ON DEMAND

The Power of Discovery: STEM2 offers a

variety of free STEM resources, including [on demand webinars](#) and [videos](#) designed to encourage community programs to expand STEM learning opportunities.

In this video from their [video library](#), a 4-H Youth Development Leader demonstrates the wonders of milk when exposed to dish soap. It's a colorful, hands-on experiment that engages youth in an exploration of surface tension.

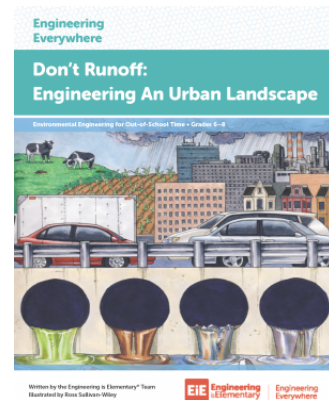

EXPLORE STEM2

Engineering is Elementary

STEM CURRICULA FOR AFTERSCHOOL PROGRAMS

[Engineering Everywhere](#) is a FREE engineering curriculum for middle school-aged youth in afterschool and camp programs. Each intriguing engineering challenge empowers youth to tackle real-world engineering problems using the engineering design process along with creativity and collaboration.

One of the Engineering Everywhere units, [Don't Runoff: Engineering an Urban Landscape](#), develops environmental engineering skills and empowers youth to redesign a city to control stormwater runoff. [Download this unit here.](#)
